HOST
AU Guest Researcher Support

Dear host / hosting department

The Guest Researcher Support is happy to offer you assistance with the applicable and required permit for your guest researcher or guest PhD-student.

In order for us to initiate the application process we kindly ask you to complete this questionnaire with the most basic information needed for the application process.

The information provided will be implemented in the applicable/required application form.

If your guest is a guest researcher, please note that if your guest is a non-EU/EEA citizen it is mandatory for him/her to have obtained a Master's Degree or a degree of equivalent or higher level. It will be difficult to get a permit without. The only exception is students to be screened for a PhD-programme or guest PhD-students enrolled at another university.

A work and residence permit is required for stays of more than 90 days (including date of entry to and date of departure from the Schengen area). The 90 days is provided that the guest has not been to Denmark or the Schengen area within the past 180 days prior to his/her arrival.

If your guest's stay is going to be maximum 90 days (including date of entry and departure), your guest will not be covered by the Danish health insurance scheme nor get a CPR-number.

If you have any questions, please do not hesitate to contact us:

Email: guestresearcher@au.dk
Phone: 25563571

84%

An invitation letter from AU is required for the application process.

Such an invitation letter must contain a certain amount of information and must not be older than 30 days at the time of submission of the application.

Can we assist you in drafting an invitation letter?

Yes
 No

< > Next

Det vil være hensigtsmæssigt at svare ja her. Brevet bliver sendt til kontaktpersonen (værten) for kontrol.

HVIS DER SVARES YES TIL INVITATION LETTER:

85%

Who is going to sign the invitation letter?

The drafted invitation letter will be forwarded to the contact person for further action.

< > Next

HVIS DER SVARES NO TIL 'FIRST TIME APPLICATION':

70%

⌘ From which date should the extension be valid?

The application for the extension must be submitted before expiry of the current permit.
Please note that if your guest is a non-EU/EEA citizen the total application process (including preparation of documentation and application) will normally take up to 4 months and in some cases maybe longer.
Please also note, that guest researchers from non-EU/EEA countries not employed by AU are only granted a work and residence permit for a maximum of 3 years in total, and guest Phd-students for a maximum of 2 years in total.

Format: dd-mm-yyyy

⌘ When do you expect the extension of your guest's stay to end?
